We offer supports to people with disability and are a Registered NDIS (National Disability Insurance Scheme) Provider in South Australia. Each support places the participant at the centre of decision making.

**Our Supports**

**Help with your NDIS Plan**

We work alongside you to help you understand your NDIS Plan; as well as assist you to find, connect with and maintain the supports of your choice.

NDIS Support Category
- Capacity Building Supports – Coordination of Supports

**Finding and Keeping a Job**

We support you to find a job and give you ongoing workplace support within our ADE’s (Australian Disability Enterprises). We also offer individual employment support in Open Employment including time limited on-the-job training and post placement support.

NDIS Support Category
- Capacity Building Supports – Finding and Keeping a Job

**In Your School**

We support you to transition from school towards future pathways including further training, education and employment.

NDIS Support Category
- Capacity Building Supports – Improved Learning

**In Your Home and Community**

We assist you with your personal care, support you in your local community and help you develop and learn new skills so you’re happy at home. We can also assist with training in transport, getting to work and other appointments.

When will I be able to access the NDIS?

The NDIS is being rolled out in stages across Australia because it’s a big change to the current system and needs to be implemented in a sustainable and steady way. The scheme will be made available to new participants progressively depending on your age and where you live.

- Children aged 0 to 14 years across South Australia: 1 February 2016
- Young people aged 15 to 17 across South Australia: 1 January 2017
- Adults aged 18 to 64 dependent on where you live: 1 July 2017

Who can get the NDIS in South Australia?

You must be an Australian citizen and have a permanent disability that meets the NDIS rules. To check if you meet the NDIS rules visit: www.ndis.gov.au/ndis-access-checklist

What is an NDIS plan?

The National Disability Insurance Agency (NDIA) will help you make an individual plan that will detail what supports you need and what the NDIS will pay for. You have control of the supports you receive and what providers you use.

What will happen to my current supports?

You will receive your current help and supports until you start your NDIS plan.

What does the NDIS pay for?

The NDIS pays for different services for different people and supports you in becoming more independent. This can include:

- Joining the community (eg: finding a job)
- Getting the help you need (eg: a support worker)
- Getting equipment and aids you need (eg: wheelchair)

What does the NDIS not pay for?

The NDIS will not pay for things that don’t help with your disability. For example:

- Day-to-day purchases (like food or electricity)
- Supports other organisations already pay for (like Medicare)

If you have a question that is not on the list please visit the NDIS website www.ndis.gov.au. Alternatively you can contact us on 8414 7100 or ndis@barkuma.com.au

We are a registered provider of NDIS supports.
