

## Funding

We support people within their funding allocation. This could be through an NDIS plan, private funding or funding from a Government department or another organisation.

## Locations

We provide our home and community support in the Northern Adelaide region. This includes areas of the Barossa Valley.

## The Barkuma Difference

We support you in the home of your choice to maintain and develop connections in the community. We have wealth of experience and have been supporting people with disability since 1967. As a registered charity, our profits go back into the provision of our services.

*"I really like living here."*  
Sylvia, Barkuma customer.

*"Working together is good. We get to do lots of things."*  
Sean, Barkuma customer.

## In Your Home

We support you to live your best life where you live. This means we can support you to live in your own home, with your family or in a shared house with other people.

## In Your Community

We support you to reach your goals while using a developmental approach. We can provide regular or intermittent support based on your requirements.

## Person Centred Approach

We work closely with you, your family and support network to deliver a 'person centred' support plan. We focus on building your skills so you can work towards a healthier lifestyle. We understand that circumstances can change and take a flexible approach to allow for unexpected events.

"The most exciting thing for us is Lisa has choice and access to so many community activities that have enhanced her life. She has a lot to look forward to thanks to Barkuma's support." Barbara, parent of Barkuma customer Lisa.
